INDEX

Adsorption of textile dyes by activated carbon from wastes 307
Aflatoxin $B_1$, toxic responses in gerbils 747
transmission into pig tissue 156
trout enzyme in mutagenesis assay of 35
Air, chlorpyrifos residues in room 340
Air pollution, effects of factory emitted $SO_2$ 715
lichen transplants as indicators of 1
Algae, effects of insecticides on blue-green 641
Analysis, a simple procedure for methyl mercury 600
determination of benzo(a) pyrene by HPLC 703
GLC for organochlorines 281
of bacon for nitrosamines 511
of cadmium using Cerenkov radiation 677
of 2,4-D and 2,4,5-T in environment 177
of PCB and PCT residues in fish 772
search for dioxin in beef fat 229
TLC procedure for DDT 264
Animals, DDT residues in snakes decline 383
dietary uptake of PCB's in big brown bats 707
effect of DDT on enzymes of a planarian 428
lead metabolism in monkeys 684
mercury and selenium in seals 273
organochlorines in fat of wild sheep 23
pesticide levels in squirrel fat 42
transmission of aflatoxins into pig tissue 156
toxicity of topically applied aflatoxin 747
use of protozoan for fungal toxin studies 489
Anthracene metabolism and excretion in Daphnia 147
Avoidance behavior of mayflys to herbicides 312

Birds, organochlorine residues in partridge 697
organochlorine residues in potential food for bald eagles 64
2,4,5-T and eggshell 648
Bromine chloride toxicity to shrimp and crabs 131

Cadmium, acute and chronic effects on estuarine organisms 80
and alteration of vitamin $B_{12}$ storage 767
fetal effects of, and various dietary levels of zinc 206
in zinc deficient rats 556
measurement using Cerenkov radiation 677
toxicity to fish embryo and larvae 95
Carbamates, effects with morsodren on birds 389
Carcinogens, metabolism of safrole derivatives 396
Cell culture, uptake of persistent and non-persistent chemicals by 423
Chlorinated lipid in cake flour, effect on rats 73

Chlorinated tyrosine in municipal waste 724

2,4-D and 2,4,5-T residues in environmental samples 177
DDT, degradation by soil amoeba 345
effect on enzymes in planaria 428
metabolism in Pheretima posthuma 295
residues decline in snakes after ban 383
residues in Mediterranean food chain 244
TLC procedure for identification of DDT 264
o,p-DDT, estrogenic properties 139
Diamidafos hydrolysis rate in dilute solution 589
Dieldrin uptake and histology of oysters exposed to 121
Dioxin, hens, calcium level, 2,4,5-T and 648
search for in beef fat 229
Dimilin, reduced movements in salmon exposed to 462
Drug metabolism in guinea pig tissues 538

Eggs, effects of petroleum on incubation of 624
organochlorine residues in osprey 56
PCB's and organochlorines in Spanish wild bird 655
Environmental distribution of n-paraffins in a lagoon 162
Enzymes, cholinesterase in humans 617
effects of petroleum hydrocarbon solvents 287
inhibition of, by insecticides 481
of trout as activator of aflatoxin $B_1$ 35
reductive system in rat intestine 15

Fish, bioaccumulation of lead in 631
cadmium effects hepatic vitamin $B_{12}$ storage 767
cadmium toxicity to embryo and larvae of 95
effects of lead on digestive enzymes of 549
mercury in 528
metal toxicity to embryo's and larvae of 608
organophosphates and hepatic pathology in 524
PCB's in Dutch 671
reduced movement in exposed to Dimilin-Gl 462
residues of heavy metals in Hudson River 335
swordfish tissue protects against toxicity of methylmercury 436
toxicity of coal-conversion condensate 237
toxicity of MCPA to 465
toxicity of phosphate ester mixtures to 250
trout enzyme activation of aflatoxin 35
Food, styrene monomer in 86
Food chain, DDT and PCB residues in Mediterranean 244

Heavy metals in vegetation from strip mined areas 360
residues in Hudson River fish 335
Herbicides, avoidance of by mayfly nymphs 312
Honey as radionuclide indicator 32
Human, cholinesterase in blood of 617
milk, PCB's and microsomal metabolites of 198
traces of mirex in milk of 564

GENERAL BOOKBINDING CO.
78 523AA 2 013 1 S 2231
QUALITY CONTROL MARK

Hydrocarbons, determination of benzo(a)pyrene by HPLC 703
determination in organochlorine pesticides of polynuclear 545
polyaromatic, in oysters 171

Insects, mayfly nymphs avoid eight herbicides 312
Insecticide exposure and EEg, ECG and respiration 47
Insecticides, effects on growth of blue-green algae 641
in African lake ecosystems.II.III.444,454
inhibition of enzymes by 481
oral and inhalation toxicities in rats and mice 113
chlorpyrifos in room air 340

Lead, bioaccumulation in salmon 631
effect on digestive enzymes in fish 549
effect on memory in mice 143
long term effects on mice 266
metabolism in monkeys 684
uptake by plants 431
Lead and mercury in vegetation. from strip mines 360

Manganese, cytological studies in rats following administration of the chloride 741
MCPA toxicity to fish 465
Mercury and lead in vegetation from strip mines 360
and selenium in seals 273
behavior in biosystems 365
effect of selenium on the toxicity of 183
in benthic organisms near sewage outfall 758
in marine fish and molluscs 528
Metabolism of DDT in a snail 300
Metals in African Lake Ecosystems. II.III. 444,454
toxicity to eight species of fish 335
trace, in sea scallops 326
Methylmercury, a simple analytical procedure for 600
protective effect of swordfish tissue against toxicity of 436
Mice, cadmium effects in, on zinc deficient diets 206
effects of lead on mercury in 143
long term effects of lead on 266
Microorganisms, degradation of DDT by soil amoeba 345
effects of PCB's on uptake of bicarbonate by Euglena 374
Microwave spectroscopy for detection of constituents in tobacco smoke 104
Mirex, behavior in Long-Evans rat 351
effects in rabbits of ingestion of 223
loss on evaporation from aqueous solutions 755
toxicity to hydra 412
traces in Canadian human milk 564
Molluscs, mercury in fish and 528
Municiple waste, superchlorination and tyrosine in 724

Muscle, measurement of contractions *in vivo* 496

Nitrosamines in fried bacon 511
NTA in the mouse 417

Organisms, acute and chronic effects of cadmium to 80
bromine chloride toxicity to 131

Organochlorines and PCB's in Spanish wild bird eggs 655
decline of DDT residues in snakes 383
in fat of wild sheep 23
in potential food for bald eagles 64
residues in osprey eggs 56
residues in partridge 697
Organophosphate, effects on fish hepatic pathology 524
effects with morsodren on birds 389
Oysters, polyaromatic hydrocarbons in 171

n-Paraffins, environmental distribution in a lagoon 166
PCB & PCT analysis in fish 772
PCB's dietary uptake by pregnant big brown bats 707
effect on bicarbonate uptake by *Euglena* 374
formation of polychlorinated dibenzofurans
from a mixture of 665
in a contaminated estuary 637
in Dutch fishery products 671
in human milk and microsomal metabolites of 198
and metabolism of progesterone in rats 729
movement into drinking water 215
solubility in sea water 403
Pesticides, effects on the mycorrhizea of soybeans 191
Petroleum effects on eggs 624
solvents, effects on enzymes 287
Phthalates, effects of esters on biological system 502
Piperonyl butoxide residues in agricultural products 518
Plants, lichen transplants as indicators of pollution 1
Polybrominated biphenyl, effects of feeding on rats 692

Radionuclides, honey as indicator of contamination by 32
Rats, growth affected by chlorinated lipids in flour 73
effect of selenium on mercury toxicity in 183
mirex behavior in 351
reductive flavoprotein system in intestine of 15

Safroles, metabolism of carcinogenic 396
Shellfish, residues of dieldrin affecting 121
trace metals in eastern U.S. scallops 326
Styrene monomer in food 86

Tobacco smoke, detection of toxic constituents of 104
Toxicity of mirex to hydra 412

Water, fate of fenitrothion in aquatic ecosystem 8
Worker environment research 571,578
